## Big changes in Taupo Swamp

Kia ora

So far we have held three mid week volunteer days and have made an amazing amount of progress in preparing for planting through the winter. Big thanks to Conservation Volunteers NZ, Porirua City Council and local supporters. This is a great opportunity to be involved in a fantastic community project from the get-go.

Now we are ready to step up the Taupo Swamp rehab work with monthly Saturday afternoons from 1 - 4 pm (last Saturday of the month)

May 25, June 29, July 27, August 31.

Volunteers should bring:

- gumboots or boots
- heavy duty gloves
- high viz vest if you have one (so we don't lose sight of anyone)
- protective clothing to work with blackberry (eg eye protection)
- Secateurs or loppers.

Once again, we will start the working bee with a briefing at the footbridge at the northern end of the Plimmerton Domain beside the Motor Caravans park.

See you on Saturday !! The forecast looks good.
