

Friends of  
Taupo Swamp  
& Catchment

25 March 2021

*Taupo Swamp weeding morning*

A reminder that we have another weeding morning today, 9 to midday to clear weeds from around the trees that we planted last year.

Today we will be working adjacent to the NZ Compost site. Access is off Ulric St. The composting business has kindly allowed us to have access to their site. Any time that you can spare is appreciated. The trees are in excellent condition and just need to have weeds removed around them.
