Lightwelling day – Friends of Taupo Swamp & Catchment

Hi there

The trees that we planted last year are growing really well. However the weeds are also reaching for the sky.

So tomorrow morning we are going to have another 'lightwelling' session from 9 to midday. It's not heavy work and the forecast is good too.

Come along and check out the results of your earlier efforts. Meet some new people who are enjoying being part of this amazing project.

We will have gloves and tools but if you have your own gloves and weeding tools then bring them along. The ground will not be wet in the work area.

The next community volunteer days will be Saturday 8th May and Thursday 27th May.

See you tomorrow. We will be working on the bank above the Compost NZ site in Ulric St

cheers

Bill
