Working bee tomorrow

Kia ora

The weeds have not taken a holiday over the summer so we are having a working bee tomorrow with the good people from Conservation Volunteers NZ. The trees that we have planted are growing well but need some weed control to create light wells around them. Others need marking with bamboo stakes so we don't lose sight of the trees.

So if you can volunteer for an hour or three Wed morning this week that would be great. Any time from 9am onwards.

Bring gloves and solid footwear (we won't be in the mud).

Meet up at the footbridge beside the dog exercise park in Ulric St. We'll be there rain or shine.

cheers

Bill
