

Friends of
Taupo Swamp
& Catchment

Restoration Day

Kia ora,

This **Wednesday (May 1st)** will be our second day for doing restoration work on Taupo Swamp. On the first day we got about 600 sq. m. ready for planting so hopefully we can do the same again.

Please pass the word along to friends and family.

We will be meeting at the **footbridge** at the northern end of Plimmerton Domain at 9am and will start with a briefing. We expect to finish about 2pm. Come along for an hour or two or three and lend a hand or see what we are doing.

What to bring?

Gumboots, heavy duty gloves, secateurs, warm hat/sun hat, drinking water, high viz jacket if possible, lunch/snacks. There is a coffee cart nearby for the caffeine requirements.
