Taupo Swamp Planting Day Postponed

Hi Supporters of Plimmerton Swamp

Due to flooding of the planned planting site, we are forced to delay the intended planting of 400 trees & plants this Saturday afternoon.

Have a look at the flooding photos on the Facebook page.

I will be in touch next week to advise an alternative date. The good news is that the planting area will be nice and easy to dig planting holes and will have got a nice spread of new silt.

keep warm
Bill
