Taupo Swamp
& Catchment

Taupo Swamp Planting Day

Here is your opportunity to be part of our first Taupo Swamp Community Planting Day. We have 400 trees and plants ready to go in the ground at the northern side of the Plimmerton Domain, alongside Taupo Stream.

It will be Saturday 6th July, 1-4 pm (previously scheduled for Saturday 29th June).

Bring along spades and gumboots. The planting area is damp but not very wet currently. Meet at the footbridge entrance to Plimmerton Domain in Ulric St at 1pm July 6th.

Reminder that there will be another Plimmerton Farm Development Open Day at St Theresa's School, James St, June 29th 11.30 - 5.00. This is your last opportunity to make your opinion known to PCC prior to PCC directly applying to the Minister for the Environment to fast track the development by using the Streamlined Planning Process of the RMA.

cheers
Bill
